300 Mbps Wireless Lite-N Repeater appRP01

Approx´s wireless repeater APPRP01 Lite-N is a repeater for WiFi networks, for those seeking a definitive solution to extend the range of your wireless network. Connected to an electrical outlet repeats the WiFi signal to distant areas such as patios, terraces or fartest rooms. For the most demanding users it can also be used as an access point.
With the repeater APPRP01 any wireless network can be extended almost immediately, all you need is an available electrical outlet in the range of the router.
One of its most outstanding features is its speed at 300Mbps with quick and easy setup in minutes.

Now there is no excuse to extend your network Wifi!

- 300 Mbps
- REPEATER + ACCESS POINT
- 802.11 b/g/n 2,4 GHz

PRODUCT FEATURES
